LOW INCOME ASSISTANCE PROGRAMS MONTHLY REPORT

- 1. Energy Savings Assistance Program Executive Summary
 - 1.1. Energy Savings Assistance (formerly referred to as Low Income Energy Efficiency or LIEE) Program Overview
 - 1.1.1. Provide a summary of the Energy Savings Assistance Program elements as approved in Decision (D.) 12-08-044:

Pr	ogram Summary	for Month	
	Authorized /		
	Planning		
2014	Assumptions	Year-to-Date Actual	%
Budget	\$72,736,631	\$ 17,725,487	24%
Homes Treated	87,389	28,485	33%
kWh Saved	N/A	9,489,788	N/A
kW Demand Reduced	N/A	3,581	N/A
Therms Saved	N/A	N/A	N/A

1.2. Whole Neighborhood Approach Evaluation

1.2.1. Provide a summary of the geographic and customer segmentation strategy employed (i.e., tools and analysis used to segment "neighborhoods," how neighborhoods are segmented and how this information is communicated to the contractor/CBO).

SCE continues to enroll customers through the paperless enrollment process, which utilizes tablet PCs and portable scanners during assessment to streamline and expedite enrollments. In addition, this process eliminates the need to capture paper copies, which ensures that customer data is protected and helps the environment. This process complements the Whole Neighborhood Approach by reducing the program's carbon footprint and maximizing efficiencies. During the month of February, twenty-four (24) assessors from four (4) different service providers used the paperless enrollment process to enroll 1,372 customers.

Throughout the month of April, SCE continued to promote the ESA Program, California Alternate Rates for Energy (CARE) Program, Medical Baseline Program, and other assistance programs offered by SCE through various

community events within its service territory. This continued effort allows customers to interact with SCE with regard to the Energy Savings Assistance Program (ESA) and Energy Efficiency in general.

1.3. Energy Savings Assistance Program Customer Outreach and Enrollment Update

1.3.1. Provide a summary of the Energy Savings Assistance program outreach and enrollment strategies deployed this month.

On April 10th SCE presented the Energy Savings Assistance Program and other resource programs to the First 5 LA Collaborative, which is made up of non-profit agencies and partners who meet on a monthly basis to share resources, develop and implement short and long term objectives to help within the community. SCE was privileged to share and provide awareness of all the available income qualifying programs to the collaborative.

On April 22nd SCE attended the 2014 Latino Conference for People with Disabilities in the California Endowment Center hosted by Disability Rights California (DRC). DRC is a nonprofit disability rights organization, working since 1978 to advance human and legal rights of Californians with disabilities. The event provided workshops to over 125 attendees, encouraging participation related to topics such as housing, education, voting and Department of Rehabilitation and immigration. Various vendors and community organizations were in attendance providing resource information on special programs and services. SCE had the opportunity to set up a booth and provide income qualified program information to all participants.

On April 23rd SCE deployed a postcard mailer targeting over 88,000 customers in both cooling and non-cooling service areas. SCE continues to target CARE-enrolled customers who have yet to participate in the ESA Program. The postcards contained service provider contact information, offering customers the ability to speak directly to an ESA Program service provider and schedule an appointment for immediate attention.

On April 30th SCE hosted the Santa Barbara Community Forum, which was attended by business partners and local non-profit organizations. During the event, SCE took part in a panel discussion, which allowed SCE to engage participants, describe the program's benefits and encouraged participants to share this information with their clients in need. IQP had the opportunity to setup a booth and provide further information on its available programs.

1.4. Leveraging Success Evaluation, Including CSD

1.4.1. Please provide a status of the leveraging effort with CSD. What new steps or programs have been implemented? What was the result in terms of new enrollments?

For the past several years, SCE has provided refrigerators to contractors at no cost for installation through the Low Income Home Energy Assistance Program (LIHEAP). SCE believes this approach enables contractors to utilize measures and services from both LIHEAP and the ESA Program to better serve SCE's customers. SCE continues to work with the California Department of Community Services and Development (DCSD), service contractors, and the California Public Utilities Commission (CPUC) to successfully leverage ESA Program and LIHEAP services.

1.5. Workforce Education & Training

1.5.1. Please summarize efforts to improve and expand Energy Savings Assistance Program workforce education and training. Describe steps taken to hire and train low income workers and how such efforts differ from prior program years.

SCE contracts with a mixture of local private contractors (LPCs), community-based organizations (CBOs) and faith-based organizations (FBOs) to provide ESA Program services. Currently, the organizations, and in particular the CBOs, most of which are situated in the low income and disadvantaged communities they serve, provide approximately 800 jobs that support SCE's ESA Program, including executive, clerical, and other ancillary positions.

SCE has conducted eight Home Assessment Training workshops in 2014, which provide training to agency outreach staff on the policies and procedures related to home assessment. The four-day training workshop provides participants with three days of comprehensive instruction on income documentation, customer and measure eligibility, and hands-on exercises that were the direct result of feedback received from service providers and trainees. The fourth day consists of an extensive discussion of energy education-related topics and demonstrations used to gauge the participants' understanding of the material.

During the 2014 Program Year, SCE has conducted eight Home Assessment Training Workshops with a total of 130 trainees receiving the updated curriculum. In addition, 79 new jobs for assessors were created to support SCE's ESA Program.

2. California Alternate Rates for Energy (CARE) Executive Summary

2.1. CARE Program Summary

2.1.1. Please provide CARE program summary costs

CARE Budget Categories	Authorized Budget	Expenses Year-to-Date	% of Budget Spent
Outreach	\$2,155,000	\$493,447	23%
Processing / Certification Re-certification	\$4,582,000	\$203,683	4%
Post Enrollment Verification	\$3,456,000	\$142,610	4%
IT Programming	\$1,000,000	\$386,270	39%
Cooling Centers	N/A	N/A	N/A
Measurement & Evaluation	\$90,000	\$0	0%
Regulatory Compliance	\$264,000	\$57,939	22%
General Administration	\$725,000	\$174,356	24%
CPUC Energy Division Staff	\$140,000	\$0	0%
Total Expenses	\$12,412,000	\$1,458,304	12%
Subsidies and Benefits	\$416,800,000	\$97,068,163	23%
Total Program Costs & Discounts	\$429,212,000	\$98,526,467	23%

2.1.2. Please provide the CARE program penetration rate to date

	CARE Penetration	
Participants	Estimated Eligible Participants	Year-to-Date Penetration Rate
1,314,890	1,499,830	88%

2.2. Outreach

2.2.1. Discuss utility outreach activities and those undertaken by third parties on the utility's behalf.

SCE's Customer Communications Organization within SCE's Call Centers continues to utilize the online CARE enrollment application at www.sce.com to directly enroll customers into the CARE Program over the phone or offer to send a CARE application to the customer. During the month of April, SCE enrolled

9,224 eligible low income customers through Call Center outreach efforts. (This includes all web enrollments performed by the Call Center and Call Centermailed applications.)

CARE and FERA outreach efforts and communications to SCE's in-language and under-penetrated areas continue to be a priority. SCE's CARE/FERA programs partner with internal departments such as Equal Opportunity, Local Public Affairs (LPA), Consumer Affairs, Offer Management and Marketing, Corporate Communications, Strategic Engagement, Business Solutions, and the Mobile Energy Unit (MEU), as well as various chambers, foundations, faith-based and community-based organizations in outreach activities that target SCE's hard-to-reach customer base.

SCE in April experienced a significant increase in outreach over March, particularly due to Earth Day. SCE's CARE/FERA programs attended 29 outreach events, where SCE distributed CARE applications to potentially eligible customer populations throughout SCE's service area (see table below).

At many of these events, eligible customers had the opportunity to enroll or recertify for CARE via the real-time online enrollment form at www.sce.com and learn about the programs directly from a CARE/FERA subject matter expert. Such events provide SCE with the opportunity to uphold a presence in the community, educate the public about the programs, and enroll eligible customers.

Event Date	Event Name	Location	Estimated Customer Interactions
4/3/14	Community Connections Summit	Monterey Park	100
4/4/14	Orange Senior Center Resource Fair	Orange	125

4/30/14	SCE Community Forum	Santa Barbara	150

In April, SCE provided information about programs and services to help lower electricity usage bills to over 5,600 customers. SCE representatives assisted customers in completing applications, answered questions, and provided a personal contact between the customer and the utility.

The CARE/FERA Capitation Fee Program team is continuing its efforts to re-engage existing Capitation agencies while strategically registering additional contractors to overcome enrollment barriers, including language, culture, and special needs, as a means of enrolling the hardest-to-reach customers. As a result of these efforts, the Capitation Fee Program continues to show increased

enrollments from agencies that were previously inactive. In April, capitation contractors successfully enrolled 331 new customers in the CARE Program.

Current and ongoing campaign strategies and efforts include the following:

- Leverage events sponsored by communities and cultural celebrations to reach populations that may be eligible to enroll in the CARE Program.
- Partner with SCE personnel to leverage existing SCE relationships with FBOs, CBOs, and local governments.
- Leverage existing channels to develop creative approaches for agencies to conduct CARE/FERA outreach, including employment information workshops, faith- and community- based publications, school events, retail shopping malls, and community fairs.
 - 2.2.2. Describe the efforts taken to reach and coordinate the CARE program with other related low income programs to reach eligible customers.

SCE enrolls new CARE customers through the Energy Assistance Fund (EAF), a program that provides utility payment assistance through voluntary customer, employee, and SCE shareholder donations. The EAF income requirements are the same as CARE's.

SCE coordinates CARE enrollment with other income-qualified programs, such as ESA, LIHEAP, Southern California Gas Company, and certain water utilities. ESA participants are automatically enrolled in CARE each month, and LIHEAP participants are automatically enrolled in CARE quarterly. In April, 4,285 eligible customers were enrolled in CARE through data sharing with LIHEAP, ESA, Southern California Gas Company, water utilities, and SCE's EAF Program. The CARE Program continuously integrates its efforts and messaging with the ESA Program at all outreach events, communications, and marketing campaigns.

2.3. Recertification Complaints

SCE received one recertification complaint in the month of April:

The customer called when they received the recertification paperwork and was twice erroneously told over the phone that the process was complete. The customer finally sent paperwork on 3/26, but was not retroactively rebilled and called the CPUC. Due to the incorrect information from SCE, the account was rebilled to make the CARE discount retroactive. The customer received full credit.
